Subject: New York Times — Thanks

Paula, thanks for arranging that quick call yesterday.

I just want to make sure I am receiving all of the EPA announcements on the Gold King mine spill. Are you sending out press releases that summarize the information delivered on the 3 p.m. phone calls? This would be very, very helpful.

Perhaps you're already sending them out, and they are going into my spam box. I've rejiggered my email so this does not happen.

Julie
